

The Phoenix Project

From the ashes of disaster grow the roses of success.

The Phoenix Project is an independent, Twin Cities-based organization dedicated to helping individuals involved in the fine, performing, or craft-arts communities in times of crisis or need. The Phoenix Project is made up of performers, technicians, crafters, artists, and patrons of the arts throughout Minnesota and surrounding communities.

Support for Victims of Shakopee Area Fire

On February 26, fire at a local renaissance faire site near Shakopee, Minnesota, destroyed an estimated \$500,000 in structural property. Of the 32 booths and shops destroyed in the fire, 22 were owned by small independent crafters, artists, and food producers. Most were uninsured.

The Phoenix Project has pledged to help these artisans rebuild. In addition to accepting contributions on behalf of the fire victims, the Phoenix Project plans a silent auction, benefit events, and a volunteer program to help with reconstruction.

If you are interested in contributing time or donations to this or other Phoenix Project ventures, or to learn more about the Phoenix Project organization, visit our website at:
